

## Importing the Smoothwall SSL Certificate with Mozilla Firefox

1. Click the Menu button on the Firefox toolbar. Then click Options

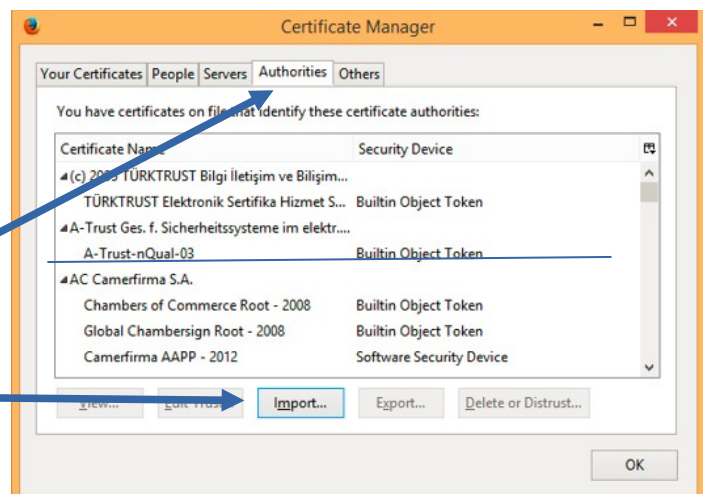

2. Click **Advanced**.

3. Click the **Certificates** tab.

4. Click **View Certificates**.

5. Select the **Authorities** tab.

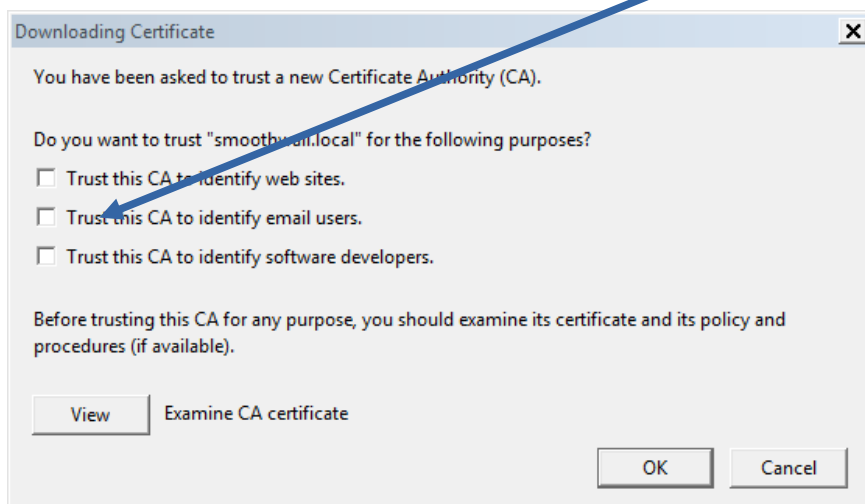

6. Click **Import**.

Browse to where you have downloaded the certificate file.

7. Select the **Guardian CA Cert.crt** file, then click **Open**.

8. In the Downloading Certificate dialog box, tick all the check boxes (3 in total).

9. Click **OK** then **OK** again.

10. Restart Firefox for the changes to take effect.
